### INTENT

I am a Junior Front-End Web Developer seeking to obtain a position that brings new challenges and skill development in order to further my expertise and reward in the work field.

### SKILLS & TOOLS:

**Expertise:** HTML, CSS3, Bootstrap5, Tailwind Css, JavaScript/ES6, React JS, Axios, React Query.

**Comfortable:** Node js, Express Js, MongoDB, Stripe, JWT.

**Familiar:** React Native, Next.Js, TypeScript.

**Tools & OS:** Windows, VS Code, Github, Netlify, Firebase, Heroku, NPM, Figma, Postman.

### PROJECTS:

→ **Ventrac:** – is a Full-stack Tools Manufacturer Site. (20 May- 27 May) [Live Site](#) | [Client](#) | [Server](#)

#### Features:

- Fully Mobile Responsive, Authenticated, and CRUD Operation have been applied in this project.
- Users can order products, see their own orders, and delete any order. They can confirm the order by payment method which is implemented by Stripe.
- Implemented the React Router DOM to allow NESTED Route for Admin dashboard.
- Admin can add/remove a product and make another user an admin (login from this account for admin test- Mail-test@gmail.com password-123456)

**Technology Used:** React Js, React Router, React Query, Tailwind CSS, Firebase Hooks, Custom Hooks, JWT, Stripe, MongoDB, and Heroku.

→ **Best Electronics:** – is a Full-stack Store Warehouse Site- (3 May- 9 May) [Live Site](#) | [Client](#) | [Server](#)

- This site displays some products which can be updated by an Admin. Sellers can add products and see their own products in different routes as well.
- Applied authentication and created Mobile Responsive User Experience.
- Fetched data from Database

**Technology Used:** React, React Router, React Bootstrap, React Hook Form, Firebase Hooks, Custom Hooks, MongoDB, and Heroku.

→ **Peter's Photography:** – is a Personal Photography Site- (16 April- 18 April) [Live Site](#) | [Code](#)

- This site represents a photographer and his services.
- Users need to Sign/Signup to Checkout any services.
- Created mobile Responsive User Experience.

**Technology Used:** React, React Bootstrap, Firebase hooks, Toastify.
